Albin Kistler returns

Swiss Equities mandates with Swiss Francs as the reference currency and without special instructions. Since 2015, we have shown the performance of the Albin Kistler Aktien Schweiz fund, institutional share class.

Through 2009, we reported net returns after deducting all bank charges and Albin Kistler fees. Starting in 2010, we began publishing gross returns.

Benchmark returns

We compare our returns to the Swiss Performance Index Total Return (SPI TR).
